EDUCATION

B-Tech: Maharaja Agrasen Institute of Technology Computer Science & Engineering (AI & DS)	2022 - 2026
St. Mark's Girls Sr. Sec. School XII - 91% CBSE Board	2020 - 2021

PROJECTS

Eco-Pulse

Oct'23 - Present

- Developing a Carbon Footprint Calculator and Tracker using **React.js**, **Firebase** an ML based model to calculate the carbon footprint , and an **Eco-Fit smart watch** to help track the carbon emissions better based on real-time data. It aims to achieve reduced carbon emission levels using the challenges-reward system, encouraging users to take eco-conscious actions.

SKILLS

- **Languages:** C/C++, JavaScript, Python, HTML/CSS
- **Frameworks:** ReactJs, Material UI, NodeJs
- **Tools:** VS Code, Replit, Github , Firebase, DBMS, MySQL
- **General:** Problem Solving, Data Structure and Algorithms, UI/UX Desgin, Graphic Design, Communication

ACHIEVEMENTS AND CERTIFICATIONS

- Achieved **1st position** in a Competitive Programming competition organised by **Codechef MAIT Chapter**
- Completed **300+** Questions at **LeetCode** - [Profile Link](#)
- Best Contest Rating at **LeetCode** - **1474**
- Best Contest Rating at **CodeChef** - **1493** -[Profile Link](#)
- Selected an Open Source **Mentor** for GirlScript Summer of Code'24
- Over **38 PRs** merged in GirlScript Summer of Code'23 achieving **Rank 67- Top Contributor**
- Completed **Google Cloud Study Jams'23-** [Certificate of Completion](#)
- Selected as a Core Team member in **GDSC MAIT** for **Graphic Design** role.
